Pipeline Knowledge, Experience, Organization, & Reliability

Credo Services is a pipeline integrity service company that offers an array of inspection services that can be tailored to your specific job needs.

Mission

Our mission is to provide the highest standards of services, safety, integrity, accountability and trust with our customers and employees.

Safety & Training

Our services are performed for a wide range of clients in the oil & gas, petrochemical, and energy industries. Many operators and pipeline construction contractors who wish to manage their environmental risk and safety exposure choose us as a qualified environmental services firm.

Credo History

Credo Services, established in 2018, is led by President Matt Blanchet. Matt has over 15 years of experience in Project Management in the oil and gas industry with an impressive track record of over 2000 jobs completed.

Our profound market experience positions us uniquely to offer exceptional pipeline services at highly competitive rates. Collectively, our team has accumulated over 100 years of experience, ensuring up-to-date industry safety training for all our personnel.

Furthermore, our association with our parent company, The Pipe Yard, enriches our foundation. The Pipe Yard has been in the pipe sales and remediation industry for over 25 years.
